

## PRODUCT BULLETIN

# FLO-GAIN

## Fast Acting Antichlor

### Type of Product

FLO-GAIN is a liquid antichlor designed to neutralize carryover of chlorine from the bleach bath. Acts quickly and completely on residual chlorine.

### Where to Use

- For operations employing chlorine bleach. Antichlor protection needed to avoid excess tensile strength loss. Recommended for use in the first or second rinse following the bleach stage.
- Of special interest to large linen and health care operations where linen replacement is a major economic factor.

### Features

1. FLO-GAIN quickly neutralizes excessive chlorine carryover.
2. Effective over wide range of temperatures.
3. A "must" protection against severe tensile strength damage caused by chlorine entering sour bath.
4. Orthotolodine test can be used to determine proper concentration of FLO-GAIN necessary to neutralize the chlorine carryover.

Color: Natural
